Studio Multi Mug Press

The Studio Multi Mug Press is made for quick and easy use and is ideal for medium production, printing images onto different shaped mugs.

The Studio Multi Mug Press is produced of cast aluminium for strength and durability.

The Studio Multi Mug Press features an easy to use microprocessor controller for time and temperature accuracy, with simple pressure adjustment and easy loading operation. This revolutionary press will accommodate 4 different size elements.

The Studio Multi Mug Press has a detachable wrap round heating element of 11 x 23cms but also allows the user to print high quality images onto latte shaped mugs as well as the traditional standard shape.
